

THE BRIDGING CHALLENGE A KNOWLEDGE SPORT

Connecting information is an important aspect of learning, supporting claims & critical thinking

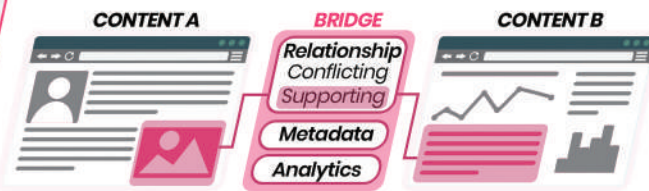

Middle, High School & College Students

Bridging is a year-round knowledge sport in which teams and individual students compete to win prizes & scholarships for creating perspective shifting content.

HOW IT WORKS

Teachers create teams
Students install extension
Students make bridges
Students vote on best bridges
Judges make final selections

WHAT IS A BRIDGE?

Bridges connect two pieces of content with a relation, metadata, and analytics

Become a Sponsor

Social media exposure | Make impact on SDGs | Generate knowledge in STEM | Support underserved youth

Market Outreach

2,500,000 Students
200,000 Teachers
40,000 schools
